# Warren Anderson

June 1, 1940 - July 22, 2021

Warren Anderson whose leadership, competence, skills and vision have earned for him the enduring respect and admiration of present and past members of the Lincoln Hills Cyclists.

He embodied integrity and showed us that no challenge is too great when purpose and partnership come together. He taught us that teamwork does not divide responsibility but shares it, and allows common people to do uncommon things. And you showed us that the most important thing we could ever build is and enduring legacy of integrity

There will never be another Warren Anderson - indomitable, ever modest, always resilient, quiet and always ready of the next challenge. A mind without horizons. If he did not know the answer immediately, he knew where to find it, and did. His story should inspire us all. In our hearts a memory will always be kept, and will never be forgot... He will be missed in the peloton.

Ride on Warren...

Fred Higgins  
Past President, LHC

## Dan Dummett

August 8, 1937 - August 7, 2021

On August 7th, one day short of his 84th birthday, Dan Dummett, a friend and fellow cyclist passed away.

He had been riding with Lincoln Hills Cyclists since 2007. Dan started with Bill Pinn's group followed by Ricki Montoya's, David Wood's and Ed Shaffer's groups. He eventually found a home riding with the Tweeners, where he began his obsession for riding 50 miles.

Also, as those who rode with Dan knew, he had a love/hate relationship with his Garmin. If you saw him in a cycling photo where the group had stopped for a regroup, he was always looking down at his Garmin, punching buttons.

Each year, Dan looked forward to the birthday ride celebrating the birthdays of Fred Crofut, Steve Valeriotte and Dan, all born in the same year. Perhaps it wasn't the accomplishment of doing his age in miles as much as Marsha, Jean and Jill's home baked cookies at the end of the ride. He will be missed.
