

Experienced Riders

If you're already a "roadie" and are ready to do your first Club ride:

1. Check out the different Ride Groups and choose one you like.

2. Go to the Ride Calendar and log in.

To log in to the Ride Calendar, at the top left of the Calendar page click on "Log In" and the Log in window will appear. Example:

User Name = < Firstname Lastname >

Password = < Password > for first log in

NOTE: It is not necessary to log in to the Ride Calendar to view the ride schedule and the details. You must be signed-in to register for a ride if required.

3. Find the Group's next scheduled ride on a day that works for you. Click on the Group and read the "Event Details" and note the leader's name, contact information, and start time/location of the ride.

4. Get there about 10 minutes before the scheduled start of the ride, find the leader you're looking for, introduce yourself as a new member, and you'll be good to go.
